GALLIUM PRO

planet
energy
pro cycling team

Steve Bauer 12 seasons as a pro, 11 consecutive Tours de France, 14 days in Yellow. A brilliant career. Today, Steve can look back and honestly say he's done it, in spades. Last year, he decided the time had come to apply his invaluable experience in the service of a new generation of athletes racing as Planet Energy pro cycling team, which he intends to guide to the topmost level of the sport. Argon 18 and Shimano are proud to have been an integral part of this project since its inception and the new Gallium Pro equipped with Dura-Ace was specifically conceived to help Steve and Planet Energy on the road to the most prestigious podiums in road cycling. Planet Energy and Argon 18: *integrity in sport and optimal balance, always.*
